Visitors include ex- pupils, parents, animal centres, sports coaches, dance specialists, theatre groups, musicians, artists and writers.

These include Zumba, Drama, Multisports, French, Spanish and Recorders. The school also has access to an excellent holiday club.

Transition to Junior School

We have a close working partnership with Shinfield St Mary's CE Junior School. This includes a joint Governors' group, subject leader liaison, joint school policies and regular visits between children and staff. Effective transition provides good continuity of education in Shinfield village for your child throughout their primary school years.

High standards

We strive to bring out the best in each child, and encourage him or her to make the most of his or her individual skills and talents. Your child's welfare and well-being are very important to us. In this school each person is a part of a caring and sharing community. Support is good for pupils with learning difficulties and disabilities and there are very good links to outside agencies so that specialist support is provided when necessary. Accessibility plans are available on request. We promote equal opportunities for all and are committed to the safeguarding of pupils.
