

February School Council news

Mrs Turner asked us to look at the area around the Shinfield Hut. This is an area that the Friends of Shinfield are going to improve using the money that they have raised.

We would like to encourage more wild life to visit our school grounds. These are our best ideas-

- A bird house
- A bee house
- A pond
- A bridge

- More trees, especially an apple tree
- A growing garden where we could grow vegetables
- A bug hotel
- A flower patch
- A snake house
- Benches to sit on

We will pass on these ideas to Mrs Turner and the garden planners.

Work will start in the garden after February half term.
