Fingers and Thumbs		Use a pipette or Calpol syringe to make a rain drop picture. Put a little bit of food colour or paint in the water to make a gorgeous rainy picture.
Maths	<p>Can you use a clear container and some blocks to make a rain gauge? Stick a number of blocks against the edge of a clear container and leave outside on a rainy day to measure how much rain had fallen. Write the numbers on the blocks so that you can count how high the water is. If you don't have any blocks you can use a ruler to write the numbers on the container.</p>	
Understanding the World		<p>Use our template or make your own weather diary for the week. What day is it today, can you find the word for Wednesday on the chart. Is it sunny, rainy or even snowy today? Write the word and draw a picture in the box to show the weather today.</p>
Reading Phonics Storytime	<p>Use your Reading Eggs login to hatch eggs, unlock new sounds and have fun learning to read words. We can see your progress from home too so keep going, you've got the reading power!</p> <p>Book an appointment to read with a TA, use the time for a phonics session or listen to a TA read to you! Please use the booking system on the website. You will be able to book these</p>
