

# November news

We talked about the arrangements for Children in need day and put some posters up to remind everyone.

Then we looked at the findings from the Year 2 children's survey to see which subjects were the most popular and the least popular.

These are the results-

Top 3 subjects- Group challenge, Art and PE.

We decided that we like these subjects because they are-

- Fun
- Creative
- You make new friends
- You work harder to win rosettes
- You get fit
- You make things
- You paint

Bottom 3 subjects- Phonics, Music, Writing.

We talked about how we could make Phonics and Music more enjoyable and will pass these ideas on to the teachers.

We ran out of time before we talked about Writing. We would like each class to come up with 3 ideas on how to make Writing more fun please!

Our next meeting will be on Thursday 13<sup>th</sup> December at 1.40 in the staffroom.
