## Sports Premium Funding 2020-21

At Shinfield Infant and Nursery School we want all children to learn the benefits of a healthy lifestyle, and to understand the positive impact that this can have on their well-being. We aim to provide a wide range of different activities that will encourage children to enjoy being active now and in the future.

Key achievements 2019-20 : Funding £17,795	Areas for further improvement and baseline evidence of need:
<p>We employed sports coaches from uSports to deliver a wide range of activities at lunchtime and during some school lesson sessions. These included football, tag rugby, hockey, tennis, athletics, javelin and basketball.</p> <p>uSports also ran small games activities with the Foundation Stage children. The staff supported and observed these sessions, benefiting from the high quality professional development.</p> <p>The Sports Funding was used to fund participation in before and after school clubs in Capoeira and Street Dance, especially for less active or vulnerable children.</p> <p>In Healthy Schools Week the children were introduced to the Daily Mile, a yoga session, relaxation techniques and street dance. They participated in a Louis Taylor Road Safety Show, and an Indian dance workshop led by Bollywood Dance.</p> <p>The Sports Funding helped to provide some equipment for outdoor PE to enhance the provision for lessons following the CPD provided from uSports</p> <p>Staff in Foundation Stage attended further training on developing active learning outdoors: a dance stage was set up in the F2 garden and a construction area for developing teamwork and gross motor skills.</p> <p>The COVID pandemic put a stop to many of the external provider activities from March 2020.</p>	<p>We want to focus more on enabling the children to continue their love of an active lifestyle through joining a wider range of activities before and after school, and in particular less active or more vulnerable children to enhance their sense of well-being.</p> <p>We would like to help parents access more local sports activities available to their children so that they can encourage and foster any interests or skills in particular sports.</p> <p>We want to continue offering a range of sport and active experiences that will be accessible to all children and their different preferences.</p>
