

Spring 2 Curriculum News for F2

This term we're heading 'Down on the Farm'

Communication and Language

To continue to support children's language development and confidence to speak we will be focussing each week on a traditional tale during our snack times. We will read the same story over a week, adding actions and perhaps changing elements of the story and acting it out so that children build confidence in storytelling and language proficiency.

PHSE

The focus for PHSE this term is 'Healthy Me'. We will discuss how to keep our body healthy through exercise and resting and what a healthy plate looks like. The children will be encouraged to try new things and make good choices with their drinks.

Physical Development

U-Sports will be delivering our P.E sessions on a **Thursday**. They will be building upon previous ball skills.

Literacy

We continue this term to build on the children's knowledge of sentence structure – capital letters, finger spaces and full stops. We will be using our literacy time to attempt writing a lot more sentences independently using the new vocabulary we will be learning.

Maths

This term we will start working on how to solve addition number sentences using lots of manipulatives to help our understanding. The children will begin to explore 3D shapes, using a ruler to measure and the months of the year.

Expressive Art and Design

We have so many fun crafts planned in this term. The children will use their cutting skills, painting and printing skills and start to learn about the work of the artist Andy Warhol.

- We have a lot of lost property which we are unable to return – **please name all items of clothing**
- Water in bottles please
- Continue to support your child by reading daily at home.

Donations welcome:

- Soil bags (for our garden beds and growing our own plants)
- Playdough Ingredients: flour, fine salt, food colouring
