

## Spring 2 in Nursery

We plan to cover core curriculum Learning Objectives through following the children's own interests and needs. Each term we will cover these objectives through Adult Led and Child Initiated Play.

We are learning about, Our place on planet Earth. Looking at our environment, our weather, the people we live with. Our similarities and differences and our different cultures. The United Kingdom, England and our place within the world we live in.

### Communication and Language

We are looking at following two part instruction, using social phrases, enhancing our bank of vocabulary, and verbalizing thoughts and ideas within a small group.

### Personal, Social and Emotional

We are developing our understanding of difference and similarities, taking account of others ideas, learning to take account of others and make choices that make ourselves and others happy.

### Physical

We are learning to develop our fine motor control ,making our scissor grip more controlled and accurate, as well as developing our core strength and competence in pencil control.

### Literacy

We will continue using "Little Wandle" to learn initial sounds. We will break the flow of speech into words and syllables, using clapping games.

### Maths

This term we will be using 1 to 1 correspondence to count to ten "careful counting". We will begin to use prepositional language i.e. behind, over, under, which will describe the location of an object.

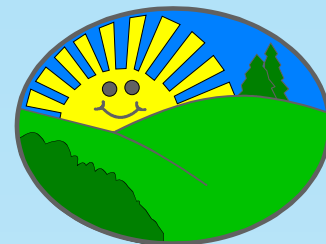

### Understanding the World

Looking at the world around us, talking about changes in weather, seasons.

Looking at the insects we find, The festivals we celebrate, the people we live with.

### Expressive Arts and Design

We will provide the children with lots of opportunities to express themselves through music, media, songs, and play.
